

SAT Training

Youth Services is partnering with The Walter E. Lockett Jr. Foundation, designed to develop and administer youth programs that are structured opportunities to increase educational, economic, social and leadership opportunities for participating youth. We are offering SAT classes from September 19th thru October 26 and there will be *no charge to partake in the educational program*. We are limited to twenty-five (25) students, so If you cannot commit to attending all 11 classes, please do not take the opportunity away from others. These classes will prepare you for the November and December 2017 SAT tests. Please look at the class schedule below and let us know if you will be attending and committed to all eleven classes.

SAT classes to be held at City Hall 45 Lyon Terrace
